

**HOLOGIC<sup>®</sup>**

The Science of Sure

**START YOUR  
JOURNEY TO  
FREEDOM  
FROM HEAVY  
PERIODS**

**NovaSure<sup>®</sup>**

We Hate Heavy Periods.<sup>™</sup>

The one time, five minute procedure  
for heavy menstrual bleeding.

## Is your heavy period affecting your quality of life? Talk to your doctor about endometrial ablation.

NovaSure endometrial ablation is a **one-time, five-minute procedure** that can lighten or end your heavy periods.<sup>1</sup>

**NO pills.**  
**NO hormonal side effects.**

For **77.7%** of women, menstrual bleeding is **successfully reduced or stopped within one year.**<sup>1</sup>

*As with any medical procedure there are risks and complications that can occur. Talk to your doctor to learn more about the benefits and risks associated with the NovaSure procedure.*

## Discuss these questions with your doctor and ask if the NovaSure procedure is right for you.

- Does your period negatively affect your quality of life?
- Are you bothered by the amount of bleeding or pain you have during your period?
- Do your periods last too long? Do you bleed more than once a month?
- Would your life improve if you could decrease or completely eliminate your periods?
- Would you like to learn about a simple procedure that can help you regain your freedom from heavy periods?

**IMPORTANT SAFETY INFORMATION:** NovaSure endometrial ablation is for premenopausal women with heavy periods due to benign causes who are finished childbearing. Pregnancy following the NovaSure procedure can be dangerous. The NovaSure procedure is not for those who have or suspect uterine cancer; have an active genital, urinary or pelvic infection; or an IUD. NovaSure endometrial ablation is not a sterilization procedure. Rare but serious risks include, but are not limited to, thermal injury, perforation and infection. Temporary side effects may include cramping, nausea, vomiting, discharge and spotting. If you, or someone you know, have possibly experienced a side effect when using our product, please contact your physician.
